

PROPOSED NEW ROUTE

Creating a better quality of life.

West Midlands Metro extension to Brierley Hill

The Canal Street stop would serve one of the most dynamic areas of Brierley Hill: the Waterfront business district and the newly opened Docklands Foodcourt.

The proposed Moor Street stop would provide direct access to the revitalised Brierley Hill High Street.

The Waterfront is also a major employment hub, home to a wide range of businesses. Each day, large numbers of employees commute into this area.

An estimated 30 to 40 businesses operate forming a thriving local employment cluster.

Merry Hill Shopping Centre is the largest shopping centre in the West Midlands and ranks among the top 10 largest shopping centres in the UK.
